

# Facility Security Office (FSO)

Oversight and compliance facilitation of the National Industrial Security Program (NISP) for cleared facilities

## How we work

### 1. ASSESS

Determine level of client security clearance

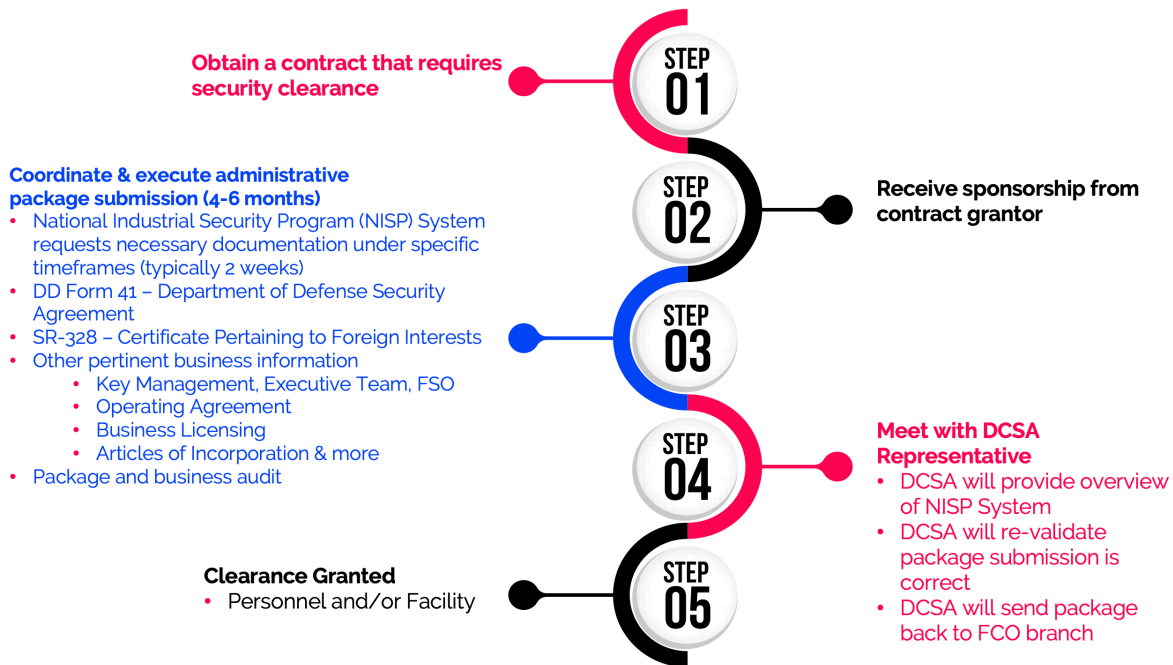

### 2. CUSTOMIZE

Based on clearance status, provide follow-on FSO support OR obtain necessary security clearance followed by FSO support

### 3. FACILITATE

Guide the security clearance process and provide ongoing FSO support

## Our Process

## Ongoing FSO Support

### PROCESS:

- Educate Program Office on Process & FARs
- Grant access to DISS System
- Coordinate with DCS AISR (special agent in charge)
- Complete Change of Condition Package to designate SGA as FSO
- Submit for Change of Condition for Approval
- Take over as primary point of contact for ISR and relieve client from FSO administrative burden
